NSBE STATEMENT ON THE APPOINTMENT OF THE NEW ESKOM TECHNICAL REVIEW TEAM

The National Society of Black Engineers ("NSBE") welcomes the media release by the Department of Public Enterprises ("DPE") dated 04 March 2019 on the appointment of the New Eskom Technical Review Team.

We are encouraged by the stance that the DPE Minister has taken in assembling a team of diverse and seasoned South African Engineers to look into the Eskom challenges which have plunged the country into an energy supply crisis. Our members are familiar with most of the Engineers that are in the task team through the normal engineering professional encounters spanning over a period of more than 20 years. It is our opinion that they are highly qualified and experienced Engineers with an impeccable track record in the profession and they are capable to tackle the task at hand.

President: Mdu Mlaba;

National Executive Committee: Lwazi Goqwana: Deputy President; Ernest Ngubo: Secretary General; Tumi Tshelo; Freddy Mugerj; Professor Pilate Moyo; Andile Dayi; Malusi Mlaba

We fully support the team and would like to wish them well in this critical assignment.

Regards,
